

WRITE-IN ELLEN KOPLIN for
Lower Milford Supervisor
on **November 4, 2025**

For 21 years your Township government has been fighting to protect our residents from the dangers of a quarry locating in Lower Milford. Ellen has been in the trenches helping our Solicitor and consultants prepare the case for why the quarry is a health and safety threat for all of our residents.

Ten Supervisors over the 21-year period ALL saw the dangers and knew the fight had to continue. And, for 21 years, our Township has successfully defended against the challenges.

But the fight is NOT OVER! Yet, another appeal by the quarry remains to be heard in Commonwealth Court. We need a Board of Supervisors who are rock solid in opposition to the quarry, and Ellen's knowledge and experience with this challenge is irreplaceable!

Every resident would be faced with:

- Loss of property value – Resale difficulty – See Ellen's website for more info.
- Increased real estate tax to offset the deficit in total township assessment
- Groundwater interference – wells going dry

Susan Labrie tells voters that she needs to review the files and look at options concerning the quarry. How can someone who wants to be a Twp. Supervisor be so out of touch to the most harmful threat to our residents?

"In the spring primary election, I did not win a position on the ballot. I am not much of a politician and was out maneuvered. Unlike my opponents, I did not attend political meetings and dinners where you can rub elbows with state and county politicians. I am simply a home-grown servant for the Lower Milford residents. A lifelong Republican and your incumbent Supervisor, I humbly ask for your write-in vote. Thank you, Ellen"

**To Write-In Ellen Koplin for
Re-election as our Township
Supervisor, please follow the
Sample at right.**

**Please Join Us and Write In ELLEN KOPLIN
Lower Milford Supervisor**

Please do not be told who to vote for from a list handed to you on election day. Be an informed voter. Partisan politics has no place where the safety and welfare of our families is at stake.

For more information on the detrimental impacts of quarries, please visit the
Lower Milford Residents Association website.

**Ellen is the only candidate who has the knowledge, the experience
and the courage to fight for what is right for our residents.**
