Dear Lower Milford Neighbors,

I am writing to you to express how critical this upcoming November 4 Election is to our residents, our Township and our future.

This election represents a crossroad for all of us. We should re-elect Ellen Koplin, the Republican Supervisor who has spent 21 years working to protect us from the dangers of a stone quarry. Neither the Republican nor the Democrat candidate on the ballot for Supervisor has contributed to, volunteered for, or participated in any way for your Township government. How can you supervise the government you have never been involved in? This is like wanting to be the Fire Chief while never having been a fireman. The many residents who do volunteer their time on your Planning Commission, Zoning Hearing Board, Ag Advisory Committee or Historical Commission would be more qualified.

As a Supervisor myself, I can tell you firsthand, it is not a walk in the park. The present and future of our Township is determined by the decisions made by our Supervisors. This is a serious responsibility. We are answerable for the health, safety and welfare of the Township residents. The quarry proposal remains a grave danger to our residents with 40-ton trucks every two minutes on our roads, tanker trucks delivering flammable liquid asphalt to the asphalt plant and the depletion of our groundwater supply.

We have on our Board one of the most knowledgeable and dedicated Supervisors in Ellen Koplin. Look at the townships all around us. Do you ever wonder why we are so different? It's because people like Ellen stood up to developers and looked out for our residents.

Please join us on November 4 in writing in Ellen Koplin for re-election as a Lower Milford Township Supervisor.

With Best Regards,

*Lowell F. Linde*
